

ADA Eligibility Application for Certification City of Duluth, Minnesota & Superior, Wisconsin

The following forms are to be used by persons wishing to apply for eligibility for the Cities of Duluth & Superior's ADA paratransit services (STRIDE). Individuals with disabilities that **prevent** them from boarding, riding on, or disembarking regular route accessible DTA buses **may** qualify for this service. All regular routes in Duluth and Superior have accessible bus service.

The Information obtained through the certification process will only be used by staff to determine eligibility status and to provide transportation services if eligible.

THIS APPLICATION IS ALSO AVAILABLE IN ALTERNATIVE FORMATS. IF YOU NEED ASSISTANCE PLEASE CALL (218) 722-3327.

HOW TO APPLY:

1. Fill out the first part of this form.
2. Send that information along with the **Health Care Professional** form to your physician.
3. Have your **Health Care Professional** mail both forms to the STRIDE Office.
4. You will be notified by STRIDE about your eligibility.
5. If you have not been notified within 21 days of your submittal please call STRIDE at 722-3327, if your application was received and if a determination has not yet been made you will be temporarily eligible for paratransit service.
6. If you are denied eligibility, you have the right to appeal. All appeals are made to the STRIDE Advisory Committee. The STRIDE office will supply you information on the appeals process.

Forms that are not fully completed or signed will be returned!

WHO QUALIFIES:

The American Disabilities Act (ADA) set rules for certification. Under these rules there are two basic categories of people who are eligible for paratransit services. Any person with a disability is eligible **if** (Check all that apply to you):

- You, as a result of your disability are unable to board, ride, or disembark from an accessible vehicle without the assistance of another person (except for the operator of a lift or other boarding device).
- You have a specific impairment-related condition that **prevents** you from traveling to or from **any** bus stop.

If you have checked one of the boxes above you may qualify for STRIDE services. All STRIDE trips must start and end within City of Duluth or within 3/4 mile of a bus route in Superior. If you reside outside this area you may still be eligible for this service, but all trips must start and end within that service area. It is your responsibility to get within the service area for STRIDE service.

ADA Certification Health Care Professional

Dear Physician:

The Duluth Transit Authority operates the STRIDE (Special Transit Ride) system. STRIDE is designed to compliment the DTA's regular route service in Duluth and Superior to meet the requirements of the American Disabilities Act or ADA.

STRIDE provides **curb to curb** accessible service, except in certain cases, riders must be able to present themselves at the curb for service. The vehicles used by STRIDE are specially equipped to assist physically disabled people. Drivers are trained to assist physically disabled people boarding and alighting from the vehicle. The services are limited by availability and the DTA is therefore concerned that we are serving the people that really need this level of service. As an example, people who reach the age of 65 are not eligible just because they are 65. ***People who cannot get to a bus stop or live too far from a bus stop are not eligible because of that.*** Their disability must **PREVENT** them from getting to **any** stop. People must be physically unable to board, ride on, and get off a regular route DTA bus to be eligible for STRIDE.

In order to assure that our passengers require this level of service, each person is required to meet certain qualifications established by the STRIDE Advisory Committee and endorsed by the State of Minnesota, and Federal Transit Administration in accordance with ADA. **The ADA is a civil rights statute, not a transportation or social service program statute.** The ADA clearly emphasizes nondiscriminatory access to fixed route service, with complementary paratransit acting as a "**safety net**" for people who cannot use the fixed route system. Under the ADA, complementary paratransit is not intended to be a comprehensive system of transportation for individuals with disabilities. Any individual whose disability prevents them, as the result of a physical or mental impairment (including a vision impairment), and without the assistance of another individual (except the operator of a wheelchair lift or other boarding assistance device), to board, ride, or disembark from any vehicle on the system which is readily accessible to and usable by individuals with disabilities, is eligible.

Please read the attached information completed by the individual and complete the short form attached. This is necessary to determine eligibility for your client. Please return all forms to the STRIDE office as soon as possible.

Please return this form to:

Should you have any questions please call the STRIDE office at 722-3327 or the DTA office at 722-4426 and ask for Jim Heilig. STRIDE Fax # 722-4428.

Thanks for your help!

Sincerely;

Jim Heilig
