

## **REQUEST FOR BIDS**

### **Snow Blower Attachment for Articulated Wheel Loader**

**DULUTH TRANSIT AUTHORITY**

## **Addendum #1**

June 10, 2020

Answers to questions to date:

1. The DTA will not accept a single-stage snowblower.
2. The proposed snowblower cannot exceed the rated weight for attachments to the loader.
3. Dual fixed steering vanes are acceptable.
4. The loader is equipped with a Fusion Coupler.
5. A standard lined chute is acceptable.
6. A 33-inch impeller is accepted as an approved equal.
7. Halogen lights for the blower and chute are acceptable, but LED lights are preferred.
8. Pictures of the loader and the bucket attachment are below.
