Hello!

When you use the bus for the first time, it's okay to feel nervous or confused. Riding the bus is a skill, and it takes practice to feel comfortable.

This booklet takes you through five steps to help you use the Duluth Transit Authority (DTA) bus for the first time.

Step 1: Get Ready

It helps to plan for your first time using the bus.

Here are four things you should do:

1. **Learn the number of your bus.** Each bus has a number. You can learn the number of your bus by looking at a Duluth bus map online at duluthtransit.com or by calling the DTA at (218) 722-7283.
2. **Find your bus stop.** Once you know your bus number, you can find where your bus will stop to pick you up and drop you off. Some bus stops have a shelter, and all bus stops have a sign. The sign will show which number bus will stop there.
3. **Learn your bus schedule.** Each bus has a schedule that tells you when the bus will be at each bus stop. These schedules are posted at bus shelters, available online at duluthtransit.com, or at the Duluth Transit Center. You can learn from the schedule when your bus will arrive at your bus stop and when it will drop you off at another bus stop.
4. **Find out the cost.** Each bus ride is one-way only, and you will need to bring exact change or purchase a fare card at the Duluth Transit Center, the DTA Operating Center, or at specific local businesses.

Note: Sometimes one bus can't take you exactly where you need to go. You can take one bus part of the way and then get on another bus for the rest of the way. This just takes a little bit more planning.

Step 2: Go to the Bus Stop

It's time to go to the bus stop. Here are a few things you should do:

1. **Arrive early.** Arrive to the bus stop at least five minutes before the bus is scheduled to be at the bus stop. The bus may arrive a little earlier or a little later than scheduled.
2. **Be safe.** If you need to walk to or wait at the bus stop, you should always be aware of your surroundings. You should wait where it is safe.
3. **Be visible.** You should wait right at the bus stop and in an area where the bus driver can see you.

NO SMOKING

No open flames or smoking materials are permitted in this area.
Maximum fine: \$2,000
Maximum penalty: 6 months imprisonment

Step 3: Enter the Bus

You see the bus coming! Here are five things you should do:

1. **Enter at the front.** When the bus arrives, you should stand a few feet back from the curb so the door can open safely. Enter the bus through the front door. If you need a ramp, tell the bus driver right away.
2. **Ask the bus driver.** When you get on the bus, you may want to tell the bus driver that it is your first time using the bus. The driver will understand if you have questions or need help. You can start by asking them if the bus will take you where you want to go.
3. **Pay for your ride.** Next to the bus driver, you will find the box where you pay for the bus. You can ask the driver how much the bus ride will cost and then insert your money or pass into the box; dollar bills can be fed into the machine, and coins can be inserted into the top. You can ask the bus driver if you need help.
4. **Choose your seat.** The bus seat that is right for you is one that you feel safe and comfortable in. Look around the bus and ask yourself where you can enjoy the bus ride.
5. **Take your time.** It is okay to take your time to get on the bus safely and to find your seat. The

bus may start moving after you have paid. Poles are available on the bus for you to hold to keep steady.

Note: If you need more than one bus to get where you need to go, ask the bus driver for a “transfer card” when entering the bus. A transfer card is free, and you will not need to pay more money when you switch onto your second bus.

Step 4: Ride the Bus

Now that you're on the bus, act as if you were in any public space. Here are a few guidelines to follow:

1. **Keep steady.** The bus is a moving vehicle, so try to minimize your movement throughout the bus while it moves. If you need to use the bus aisle, there are poles throughout the bus for you to hold to keep steady.
2. **Be considerate of others.** Just like you, other people using the bus want to enjoy their ride. Be polite to all people on the bus, respect personal space.
3. **Pay attention.** Always pay attention to where the bus is, and do not fall asleep on the bus. The bus stop where you get off may come sooner than you think!

Step 5: Get Off the Bus

You can see your stop up ahead. Here are three things to do:

1. Let the driver know when you need to stop.

The bus doesn't stop at every bus stop automatically. When you see your bus stop ahead, let the driver know you want to get off by using the device above the bus seats. Some buses have a rope you need to tug, and some buses have a strip you need to press.

2. Exit the bus. People who need a ramp exit through the front door. If you do not need a ramp, exit through the back door.

3. Be safe. When you leave the bus, always be aware of your surroundings. If you need to cross the street, wait until the bus leaves. Never cross the street in front of a stopped bus.

Bonus Step: Repeat!

It can be difficult to learn something new, especially something like riding the bus. But now that you have used the bus, and you can use it again and again.

Safe travels!
