G-16 PROTEST PROCEDURES

Protests will only be accepted from prospective bidders or offerors whose direct economic interest would be affected by the award of a contract or refusal to award a contract. The General Manager will consider all such protests, whether submitted before or after the award of a contract. If oral objections are raised and the matter cannot be resolved to the satisfaction of the objector, a written protest shall be required before any further consideration is given. Protest submissions should be concise, logically arranged, and clearly state the grounds for the protest. Protest must include at least the following information:

- " Name, address, and telephone number of protestor
- " Identification of the solicitation or contract number
- " A detailed statement of the legal and factual grounds of protest including copies of relevant documents
- " A statement as to what relief is requested

All protest documents received by the General Manager shall be stamped with date and time received and logged into a protest file folder with a copy to the Master File.

PROTESTS BEFORE AWARD

Protests before award must be submitted within the time as specified herein. If the written protest is not received by the time specified, the evaluation process shall continue in the normal manner unless the Finance Director, upon investigation, finds that remedial action is desirable, in which event such action shall be taken.

The protests addressing the adequacy of Invitation for Bids, RFPs, including, without limitation, the pre-award procedure, the Instructions to Bidders or Proposers, General Terms and Conditions, Technical Specifications and Scope of Work, must be filed at the Finance Department no later than three days before the scheduled opening date or the bid or proposal. Thereafter, such issues are deemed waived by all interested parties.

Notice of protest and the basis therefor shall be given to all bidders or proposers. In addition, when a protest against the making of an award is received and the Finance Director determines to withhold the award pending disposition of the protest, the bidders or proposers whose bids or proposals might become eligible for award shall be requested, before expiration of the time for acceptance of their bids or proposals, to extend the time for acceptance (with consent of sureties, if any) to avoid the need for readvertising.

When a written protest against the making of an award is received, award shall not be made until five days after the matter is resolved, unless the General Manager determines that:

- " the items to be procured are urgently required; or
- " delivery or performance will be unduly delayed by failure to make the award promptly; or
- " failure to make prompt award will otherwise cause undue harm to DTA or the State or the Federal Government.

In the event the General Manager determines that the award is to be made during the five-day period or during the pendency of protest, he/she shall notify the FTA prior to make such award. FTA preserves the right not to participate in such procurement.

If award is made, the Finance Director shall document the file to explain the need for an award, and shall give written notice of the decision to proceed with the award to the protestor and, as appropriate, to others concerned.

Overhead Door Refurbishments**

041-21-2021.6

PROTESTS AFTER AWARD

Protests against award must be filed at the Finance Department within five days immediately following the award. The Finance Director shall review the protests. The contractor shall be furnished with the notice of protest and the basis therefor. Also, when it appears likely that an award may be invalidated and a delay in receiving the supplies or services is not prejudicial to DTA's interest, the Finance Director shall inform the contractor that DTA will not be responsible if the award is set aside and that the contractor proceeds with performance at his/her own risk.

DECISION ON PROTEST

The General Manager shall render his/her decision in writing within 14 days from the receipt of the written protest and shall provide written notice of such decision to all interested parties.

Following an adverse decision by the General Manager, the protestor may file a protest with FTA. For details, see FTA Circular 4220.1F, as amended, which states that FTA will only review protests regarding the alleged failure of a grantee (here, the DTA) to have written protest procedures or alleged failure to follow such procedures.

G-17 ORGANIZATION CONFLICTS OF INTEREST

- a. An organization conflict of interest means that because of other activities or relationships with other persons or entities, a Contractor is unable, or potentially unable to render impartial assistance or advice to the DTA, or the Contractor's objectivity in performing the Contract work is, or might be otherwise impaired, or the Contractor has an unfair competitive advantage. Organizational conflict of interest includes situations where the capacity of a Contractor (including the Contractor's executives, directors, consultants, subsidiaries, parent companies or subcontractors) to give impartial, technically sound advice or objective assistance is or may be impaired or may otherwise result in a biased work product because of any past, present or planned interest, financial or otherwise, in the DTA.
- b. The Contractor is responsible for maintaining and providing up to date conflict of interest information to the DTA's Director of Finance. If, after award of this Contract or task order, the Contractor discovers a conflict of interest with respect to this Contract or task order which could not reasonably have been known prior to award, or if any additional conflicts or potential conflicts arise after award, the Contractor shall give written notice to the DTA's Director of Finance as set forth below.
- c. The Contractor's notice called for in paragraph 2 above shall describe the actual, apparent or potential conflict of interest, the action(s) the Contractor has taken or proposes to take to avoid or mitigate any conflict, and shall set forth any other information which the Contractor believes would be helpful to the DTA's Director of Finance in analyzing the situation.
- d. The Contractor has the responsibility of formulating and forwarding a proposed mitigation plan to the DTA's Director of Finance, for review and consideration. This responsibility arises when the Contractor first learns of an actual, apparent, or potential conflict of interest. Corporate counsel review of the proposed mitigation plan is necessary to ensure a timely review and final determination by the DTA's Director of Finance.
- e. If the DTA's Director of Finance, in his/her discretion, determines that the Contractor's actual, apparent or potential conflict of interest remains, or the measures proposed are insufficient to avoid or mitigate the conflict, the DTA's Director of Finance will direct a course of action to the Contractor designed to avoid, neutralize, or mitigate the conflict of interest. If the parties fail to reach agreement on a course of action, or if having reached such agreement the Contractor fails to strictly adhere to such agreement during the remaining period of contract performance, the DTA's Director of Finance has the discretion to terminate the contract for default. No determination by the DTA's Director of Finance under this clause shall be reviewable under FAR Clause 52.233-1, Disputes Clause (MAY 2014), which is also incorporated by reference herein.

**Duluth Transit Authority
Overhead Door Refurbishments**

041-21-2021.6

f. The Contractor's misrepresentation of facts in connection with a conflict of interest reported or a Contractor's failure to disclose a conflict of interest as required shall be a basis for default termination of this Contract.

G-18 TAXES

The DTA is exempt from payment of the Federal excise, transportation tax, Minnesota State sales tax and City of Duluth City sales tax for services. Contractor shall include all applicable sales or use taxes as required under MN Department of Revenue guidelines and MN Statute 297A.61, subd.58. Projects utilizing state of Minnesota funds also require a Minnesota Form IC 134 form with the final pay application.

Submit a signed copy from the State of Minnesota when submitting Payment and Performance Bonds. This form may be found at the following web address:
<http://taxes.state.mn.us/formsandinstructions/sde.pdf>

In accordance with Minnesota § 337.10 (3), Contractor shall pay any subcontractor or material supplier within ten (10) days of receipt by the party responsible for payment of payment of undisputed services provided by the party requesting payment. The Contractor shall pay interest of at least one and one-half percent (1-1/2%) per month to the party requesting payment on any undisputed amount not paid on time. The minimum monthly interest payment for an unpaid balance of \$100 or more is \$10. For an unpaid balance of less than \$100, the party responsible for payment shall pay the actual penalty due to the party requesting payment. A party requesting payment who prevails in a civil action to collect interest penalties from a party responsible for payment must be awarded its costs and disbursements, including attorney's fees incurred in bringing the action.

Contractor shall further require this provision to be included in all contracts between subcontractors and sub-subcontractors of any tier.

G-20 SUBCONTRACTOR REPORTING

a. The Bidder shall disclose all Subcontractors and their involvement in the project at the time of Bid submittal.

b. The Contractor shall ensure that procurement activities for its Subcontractors (of any tier) and Suppliers on the project comply with the DTA's guidelines and requirements. The DTA reserves the right to reject any Subcontractor (of any tier) or Supplier without cause, and prior to award, upon notice from the DTA Procurement Manger, Contractor shall seek a different Subcontractor or Supplier in compliance with the above provisions.

c. The Contractor shall insert the required Federal and State provisions into every subcontract, along with the applicable prevailing wage determination(s) and require submission of weekly reports in accordance with the specifications herein.

d. If any Subcontractor employed by the Contractor or any person employed by the Contractor or by a Subcontractor fails to perform the assigned Work in a proper and skillful manner, or becomes intemperate, disorderly, abusive or harassing, the Contractor shall remove that Subcontractor or person from the project as directed in writing by the DTA. The Contractor shall not employ that Subcontractor or person again on any portion of the project unless otherwise approved by the DTA in writing. If the Contractor fails to provide suitable and sufficient personnel for the proper execution of the Work, the DTA may suspend Work until the Contractor complies with the direction from the DTA.

- g. In the event a subcontractor (of any tier) or supplier is found in default of any applicable federal, state or local law, ordinance, regulation or requirement promulgated by any agency as it relates to the project, or in default of their contract, Contractor shall immediately report such default to the DTA in writing along with any documents, reports or other information pertinent to the default.

G-21 REQUIRED INSPECTIONS

The Contractor is responsible for requesting and scheduling any required building code inspections for all work on the project, including work completed by any subcontractor of any tier, and shall provide the DTA with a copy of all inspection reports.

G-22 SINGLE RESPONSE

If only one Bid is received in response to this RFB, a detailed cost/price analysis may be requested of the Bidder. A cost or cost and price analysis and evaluation, and/or audit of the cost may be performed in order to determine if the price is fair and reasonable. If the DTA Procurement Manager determines a cost analysis is required, the Bidder must be prepared to provide, upon request, cost summaries of estimated costs (i.e. labor, equipment, supplies, overhead, etc.) and documentation supporting all cost elements.

Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of this clause in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by this clause.

The FTA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in this section.

A.25 TERMINATION

2 C.F.R. § 200.339, 2 C.F.R. part 200, Appendix II (B)

Clause

Termination for Convenience (General Provision)

The Duluth Transit Authority may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Duluth Transit Authority's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the Duluth Transit Authority to be paid the Contractor. If the Contractor has any property in its possession belonging to the Duluth Transit Authority, the Contractor will account for the same, and dispose of it in the manner the Duluth Transit Authority directs.

Termination for Default [Breach or Cause] (General Provision)

If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the Duluth Transit Authority may terminate this contract for default. Termination shall be effected by serving a Notice of Termination on the Contractor setting forth the manner in which the Contractor is in default. The Contractor will be paid only the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the Duluth Transit Authority that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the Duluth Transit Authority, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a Termination for Convenience.

Opportunity to Cure (General Provision)

The Duluth Transit Authority, in its sole discretion may, in the case of a termination for breach or default, allow the Contractor ten (10) days in which to cure the defect. In such case, the Notice of Termination will state the time period in which cure is permitted and other appropriate conditions to cure the defect.

If Contractor fails to remedy to the Duluth Transit Authority's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from the Duluth Transit Authority setting forth the nature of said breach or default, the Duluth Transit Authority shall have the right to terminate the contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude the Duluth Transit Authority from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach

In the event that the Duluth Transit Authority elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this contract, such waiver by the Duluth Transit Authority shall not limit the Duluth Transit Authority's remedies for any succeeding breach of that or of any other covenant, term, or condition of this contract.

Termination for Default (Supplies and Service)

If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension, or if the Contractor fails to comply with any other provisions of this contract, the Duluth Transit Authority may terminate this contract for default. The Duluth Transit Authority shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Duluth Transit Authority.

Termination for Default (Construction)

If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will ensure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provision of this contract, the Duluth Transit Authority may terminate this contract for default. The Duluth Transit Authority shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Duluth Transit Authority may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Duluth Transit Authority resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Duluth Transit Authority in completing the work.

The Contractor's right to proceed shall not be terminated nor shall the Contractor be charged with damages under this clause if:

1. The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

**Duluth Transit Authority
Overhead Door Refurbishments**

041-21-2021.6

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010

**Duluth Transit Authority
Overhead Door Refurbishments**

041-21-2021.6

08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

**Duluth Transit Authority
Overhead Door Refurbishments**

041-21-2021.6

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
