

REQUEST FOR BIDS
Bus Stop Sign Brackets
DULUTH TRANSIT AUTHORITY

Addendum #1

January 9, 2023

1. Clarifications:

- a. This is a supply and deliver contract only. No installation is required. Please DELETE the work "installation" on the Bid Form and Certificate:

"ALL fees, and delivery, ~~and installation~~ must be included."

- b. The bracket in the picture was to demonstrate how the signs would be mounted. That bracket (from TAPCO, SKU #037-00017) is for demonstration only and should not be interpreted as the bracket that we are seeking. Please refer to Section 2 of the Request for Bids for details on the requested bracket.

- c. The DTA will accept deliveries of the brackets in incremental quantities, however, the shipping cost on the Bid document should reflect the shipping cost for the entire initial order of 1,200 brackets.

- d. The DTA anticipates that the purchase order for the initial quantity will be issued within two days of receiving a sample bracket (if requested by the DTA), but no later than February 6, 2023.
