

**REQUEST FOR BIDS  
SERVER REPLACEMENTS**

**DULUTH TRANSIT AUTHORITY**

**Addendum #1**

March 5, 2024

Clarification:

1. The Duluth Transit Authority is also seeking firewall protection in conjunction with the purchase of the servers. Respondents shall provide a separate price for a firewall with a minimum of 16 ports and 4 SFP+ slots. With a minimum of a 400Gb SSD on board storage and a minimum firewall bandwidth of 25Gbps. It must include Unified Threat Protection including NGFW application control, IPS, antivirus, web filtering, anti-spam, reporting and 24x7x365 support services for a minimum of five years.

Approved equal is Fortigate-201F with FortiGuard Unified Threat Protection.

Please add this requirement to the specifications.

2. No hardware installation costs are required; DTA staff will install the equipment.

3. Attached is a revised Bid sheet with the price for the protection plan included. Please remove page 28 of the Request for Bids and Insert this page.
