

Public Notice of Intent to Award a Sole Source Contract to Upgrade Automated Vehicle Location Software

Date: May 14, 2024

Item: Transit Automated Vehicle Location Software Upgrade

Vendor: Trapeze Software Group

The Duluth Transit Authority plans to finalize and execute a sole source contract with Trapeze Software group to provide an upgraded Automated Vehicle Location software in the amount of \$111,589. The software provides public transit vehicle location data.

This product will provide the DTA with the following required elements:

- Upgrade the test and production environment
- Includes fixed route and paratransit vehicles
- Provide improved operational efficiencies
- Provide training, data migration and software deployment support

The DTA is not looking for a new AVL provider.

Any vendor, organization, or person having the capability to provide the software and maintenance and support services as Trapeze Group, Inc. provides or has information that may refute the determination that the goods or services being procured are NOT a sole source shall send an email to DTA to nbrown@duluthtransit.com, no later than 5:00 pm CST on May 28, 2024.
